mrs. gladys sullivan

mrs. sullivan

Because she has worked for us and with us, because she has wisdom--words are a poor substitute with which to express our sincere respect and admiration for this woman. She is Head of the Language Department and Sponsor of the Junior Class. She is also the Head of the Junior Red Cross.

Everyone respects this teacher and looks to her for advice and help. She is never too busy to stop and talk with a student or to help the school in any way she can. Therefore, The Spirit Staff of 1966-67 are proud to dedicate this yearbook to Mrs. Sullivan.

Mrs. Sullivan's and Mr. Phillip's entry in the talent show was something to be remembered.

The Annual Staff wishes to pay tribute to one of Seagoville High's most outstanding teachers.

Craftsmanship is unchanging, though its techniques have been revolutionized endlessly through the years. Craftsmanship is precision . . . knowledge . . . dexterity — patience. But most of all, craftsmanship is pride in the job — pride that goes beyond pay or price or profit. Craftsmanship is not a system that can be installed by engineers. It is an indefinable element that is bred into the fabric of an organization by inspired leadership and unending insistence upon producing only the finest. Craftsmanship works through the mind and the hand, but its genesis is in the heart.

Craftsmanship is a blending of many things . . .
